Description

Founded with a passion for technical diving and innovation, Area9 is dedicated to providing top-tier technical support and unparalleled training to divers across Bonaire and beyond. As a new company, Area9 is rapidly establishing itself as a rising star in the global diving community. Our team brings together a diverse range of technical expertise and certifications from leading organizations like GUE, TDI, and PADI. We are quickly becoming a premier training center for worldwide markets, offering comprehensive tech support services, extensive equipment rentals, and advanced technical training—including sidemount and trimix—up to the instructor level. Proudly 100% CCR friendly, Area9 caters to the needs of every diver. Driven by the unwavering spirit of exploration and curiosity within the global diving community, we at Area9 are committed to offering the latest in Technical Diving in a safe and welcoming environment.
